

## MASTER SERVICES AND DATA LICENSE AGREEMENT - DRAFT V0.4

Synthetic document for demonstration. Counterparty is "a frontier lab" (unnamed). Not legal advice.

### 1. DEFINITIONS

"Dataset" means the teleoperation trajectories, video and metadata delivered by Vendor under an Order Form.

"Permitted Use" - [TO BE DEFINED]

### 2. DELIVERY

Vendor delivers Datasets per the Order Form with per-record lineage metadata (timestamp, site, device, operator id).

### 3. LICENSE GRANT

Vendor grants Customer a non-exclusive license to use the Dataset for the Permitted Use.

3.1 Training rights: [not addressed]

3.2 Sublicensing and derivative-model rights: [not addressed]

3.3 Exclusivity: [not addressed]

### 4. FEES

Per Order Form.

### 9. REPRESENTATIONS AND WARRANTIES OF VENDOR

9.1 Vendor has the right to enter this Agreement.

9.2 Vendor warrants that all necessary consents and authorizations have been obtained from every individual whose likeness, voice or biometric identifiers appear in the Dataset.

9.3 Vendor warrants that the Dataset was collected in compliance with Vendor's published privacy policy and retention schedule.

9.4 Vendor warrants that it owns or has assigned to it all intellectual property in operator-generated trajectories.

9.5 Vendor warrants that no minors appear in the Dataset.

9.6 Vendor warrants that the Dataset contains no scraped or open-source data unless disclosed in Schedule C.

## 10. INDEMNIFICATION

[Customer template to follow]

## 11. SECURITY

Vendor maintains SOC 2 Type II or an equivalent attestation acceptable to Customer's security team (see Security Questionnaire §7).
